

## **Environmental Policy Statement**

\*Brett Valley Maintenance Services Ltd: is committed to developing sustainable solutions and recognises its responsibility for the impact of its operations on local communities and the natural environment.

\*Brett Valley Maintenance Services Ltd: is committed to lowering carbon footprints, by providing sustainable solutions to environmental needs. The implementation of this statement will be reflected in our activities.

\*Brett Valley Maintenance Services Ltd: is committed to:

- Meeting current legislation and observing the applicable regulations and standards of the country of operation, and monitoring the results of same to the best of its abilities to ensure compliance.
- Preventing pollution and taking appropriate opportunities to minimise waste and to re-use and recycle as far as is reasonably practicable.
- Working to improve environmental awareness and commitment amongst our employees through training, and encouraging the adoption of sound environmental and social principles amongst customers, subcontractors and suppliers alike.
- Engaging in stakeholder dialogue, where possible, to identify innovative solutions and appropriate alternatives to meet environmental challenges.
- Providing relevant training to ensure all employees are competent to carry out their work.
- Seeking to influence the environmental impact of the constructed product through enhancement of design specification and the adoption of sustainable construction techniques.
